What is the PATZ parents participation award?

This year PATZ will be providing an incentive for parents to attend one of the many PATZ meetings by awarding the class with the highest parent participation a treat of their choice. The award can range from having a pizza party, root beer floats, donuts or whichever treat the class chooses. I understand that as parents we are all busy and at times cannot make the meetings in person however, we will be sending out a ZOOM meeting invite to future meetings for any parent who wishes to join us remotely. PATZ is looking forward to working with all you and to continue to providing fellowship opportunities for the students/ teachers and parents of ZION.
